SIERRA MADRE NEWS—October 16, 1947

VOLUME 42, NO. 4

Postmaster Eddie Robertson reminds that packages for the armed forces must be mailed before November 15 to insure delivery before Christmas and the earlier mailed the better.

Sam Perlof has started work on the erection of a store building on the South side of Sierra Madre Blvd. across from the City Hall, between the Medical Bldg. of Dr. Nathan Jacobs and Tiny's Place. The undertaking is a rental investment. Mr. Perlof is not moving his Royal Drug store from its present location.

Fred Sealzo is well along with his building in the same locality between Morrie's Market and the Thomas Neale building. He will move his restaurant (Tiny's Place) into the building as soon as completed.

Our city officials warn against the construction of two-family houses in R-1 zones, or the conversion of single family houses into two-family. The same applies to three-family in a two-family zone. Also against the building of two houses on a lot zoned for one.

The high prices being asked for lots and the scarcity of offerings may lead to violations. Arcadia is being troubled with the same problem and an arrest and conviction is noted in the Arcadia court last week.

Local baseball fans were interested in the record made by Johnny Lindell, left fielder with the New York Yankees, who was a leading batter in the World Series. He was a former member of the Arcadia baseball team and has many friends in Sierra Madre.

Three thousand eight hundred and thirty-nine books were circulated from the Public Library during the month of September according to librarian, Lulu Moore.

Water Superintendent Joe Swanson rode a bucket down the 165 foot shaft in Sierra Madre's new well, (see story elsewhere), soon after it was constructed, and he remarked, "It kinda gave me a funny feeling." Should think it would.

The firemen broadcast their wish for a piano thro the NEWS and received two offers at no cost. One of them has been installed and you may hear melodies emanating from the fire hall most any time now.

The first snow of the season fell on our nearby high tops Sunday.

Harry A. Lange, Frank Spencer and Eugene Lunsford were at Lake Henshaw on a fishing expedition the first of the week.

Ralph Welch, president of the Sierra Madre Lions Club, states that District 40, comprising 88 clubs, of which the local club is a member, will have a float in the Tournament of Roses parade New Year's Day.

The Firemen found a piano through this column. What a bout ping pong tables for the Recreation Commission? They need four, two for the Park House and two for the Youth Hut. If you have one not being used better call Mrs. J. Stadden Miller and she will have the table picked up.

## Pasadena Educator At PTA Meet

"Our Schools—Foundations of Democracy" will be the subject of a talk to be given by Dr. John A. Sexon, Superintendent of the Pasadena City Schools, at the regular meeting of the PTA to be held Thursday, October 23, at 7:45 P. M. in the school auditorium. He will also explain by use of slides, the distribution of tax monies for education, how school budgets are drawn up and what future school needs will be. A question and discussion period will follow. Refreshments will be served after the meeting by the 7th grade mothers. This is an opportunity for all parents.

## City's New Well Producing 1500 Gallons a Minute Started in 1942; Stopped By War; Just Completed

Sierra Madre has a new well producing better than 1500 gallons of water per minute, which Water Commissioner Joe Swanson says makes him feel a lot better about our water situation.

The well was dug in 1942 but further progress was halted by the war. The pump, which was ordered a year ago, has just been delivered and installed and is in working order, however.

W. JOHN ARMISTEAD COLLIER  
ILLNESS FATAL  
TO NOTABLE  
MAN OF LETTERS

Coming to Sierra Madre 11 years ago to spend the declining years of a fruitful life, W. John Armistead Collier, philosopher, poet and writer lived quietly and modestly at his home on East Highland Avenue. Few people here knew or realized his contribution to the literary world. He had been a sufferer for several years from arthritis and an heart attack September 29th became fatal. He is survived by his widow, Phyllis Pennington Collier of this city.

Armistead Collier was born January 25, 1874 in Memphis. His father was the well-known General William Collier, builder of the New South and wealthy land-owner, prominent attorney of Memphis whose "tax cases" have become famous in legal circles.

## Float Names Selected By Other Cities

Assurance that the 50th Annual Tournament of Roses will be one of the largest and finest in history was made known today by Parade Committee Chairman, John S. Davidson, who announced that over forty entries for participation have already been received by the Association. These include cities, communities, civic, fraternal and patriotic organizations and business organizations.

Scenes and events of the old and new west will be presented in flowers by entries through their interpretations of the Tournament theme "Our Golden West". Altadena has chosen for their theme, "Sutter's Mill" and Glendale, who won the sweepstakes prize last year, will present "The Stage Coach". Other themes selected so far include "The Painted Desert" by the Bishop Conklin Company, "Western Paintings" by Monterey Park, "Paradise of the Golden West" by Santa Ana, "The Golden West" by Pasadena Light, Power and Water Departments, "Our Golden West in Flowers" by Helms Bakeries and "Our Golden State" by the Native Sons and Daughters of the Golden West.

## UNIVERSITY'S LARGEST PLAYER FROM THIS CITY

Largest player on the University of Redlands junior varsity football team is Ivan "Tiny" Bratton, son of Mr. Charles E. Bratton of 775 Skyland Drive, Sierra Madre. Now in his senior year at Redlands, Bratton is a physical education major and a veteran of the U. S. Navy, in which he served as an aviation machinist's mate. He was discharged from the service in February, 1946.

Bratton and his wife, Virginia, make their home in Vets' Village, maintained on campus by the university for married war veterans. He is a member of Phi Chi fraternity. He was graduated from Pasadena Junior College in 1940 and attended the University of California, where he earned a letter in football. He is six foot five and tips the scales at 230 pounds.

## S. M. Family Leaving For Egypt-Sudan

Farewell greetings were extended Mr. and Mrs. Harvey Stranske upon their departure to the Anglo-Egyptian Sudan, under the Sudan Interior Mission Board. 100 friends were in the receiving line after services Sunday evening. During devotion, Mr. William Montgomery led in prayer a dedication to this young couple and their infant daughter, Charlotte.

The Stranskes left Tuesday for New York City and will sail for Africa in November, under the auspices of the Bethany Church of Sierra Madre. They are both graduates of the Los Angeles Bible Institute, and Mr. Stranske attended this church for many years. The couple and their daughter have been living in the cottage at the rear of Bethany Church for the past few months.

## CAR LANDS ON WEST GRANDVIEW STONE WALL

William G. Nicholson, an employee at Andy Liscomb's Union Oil Station, was the principal in an automobile accident about midnight Thursday which was bad enough but might have had even more serious results. He was driving the station service car east on Grandview and struck the dips at the Lima intersection and lost control of the car which hit a tree on the north side of the street. Nicholson was thrown through the windshield, suffering numerous cuts and bruises while the car careened off and finally came to rest on top of the stone wall in front of the Frank Holloway home at 319 West Grandview.

The car is said to have been completely demolished but Nicholson with a few repairs by Dr. Anderson is O. K.

GLEN BURRIS

## WILL BE HEARD ON TELEPHONE HOUR PROGRAM

Glen Burris, local tenor will be heard December 8th over the "Telephone Hour". He was selected by Ezio Pinza, of the Metropolitan Grand Opera after Pinza heard a recording of his voice.

Mr. Burris, living in New York, has signed a two-year contract with the Columbia Quartet "Revelers" and is now on tour of the States. The Majestic Label Record Co. has recently released an album of selections from the "Student Prince" sung by Mr. Burris. He is the son of Mrs. Percy Kortkamp, 460 West Montecito, Sierra Madre.

## Hunting Trip Followed By Accident

James Vernon, son of the J. M. Vernons, 411 Sturtevant Dr., was the victim of an accidental shooting Sunday which might have been very serious.

Four boys, James, his brother, Joe, James McBride and John Montgomery spent Saturday and Sunday rabbit hunting at the Rosa Rita lakes, near Lancaster. Returning Sunday afternoon they were unloading their baggage at the Montgomery home on E. Sierra Madre Blvd., when McBride pulled a .22 pistol from his pocket and snapped it, not knowing it was loaded. The bullet struck Vernon in the left hand but fortunately no bones were hit.

He was taken to St. Luke's hospital where the bullet was removed and the wound dressed. He says it was perhaps fortunate he threw his hand up at the time he did, as otherwise one of the other boys would probably have been shot in the head.

Vernon is 21 years of age and a 13-1 student at PCC.

## Home Chapter of Eastern Star Honors District Officer

The Sierra Madre Chapter Order of Eastern Star gave a memorable event in Masonic circles Saturday evening when 300 guests met at the Temple in honor of The Deputy Grand Matron of the Eighty-First District, Mrs. Olive Fowler. The local chapter was host to the district which includes five chapters. Many officers and past officers of the various chapters were present as well as scores of friends from the general public.

## Boy Scouts Of America

### MANY AWARDS AT COURT OF HONOR MONDAY EVENING

The Court of Honor, Boy Scouts of America, for Sierra Madre, took place Monday evening, October 13th, in the School auditorium. The ceremony opened with the bugle call "To the Colors" and the Pledge of Allegiance, led by Bruce Archibald of Troop No. 4.

The entire assembly sang "America" followed by the Invocation by Dr. O. Pritchard.

The Scout Colors were posted and the Color detail saluted the Court and retired. Marshall Barrett turned the assembly over to the Court of Honor committee and the opening remarks were given by Chairman Davey.

## AMERICAN LEGION PLANS HALLOWEEN SHOW AND PLAY

Harry B. Humphreys, Commander of the American Legion, today announced plans of the local post to sponsor a mid-night Halloween Show and party at the Sierra Madre Theatre on Saturday night, November 1st.

In keeping with the Halloween tradition of spooks and hobgoblins, two real horror films will be shown. There will be lots of fun, with games, noise and many worth-while gifts. The doors will open at 11:30 P. M.

The use of the theatre has been donated by Mr. Stine, the owner, making it possible for the Legion to add virtually all the proceeds of the show to its Benefit Fund. Tickets are on sale at the theatre box office and at most stores.

## FR. EUSTACE EILERS TO SPEAK IN ST. RITAS HALL TONIGHT ON HIS WORK IN SO. PARISH

So many people have asked Fr. Eustace Eilers, C.P., here on a rest-vacation from his parish in Birmingham, Ala., about his work with the colored people, he announces that he will give a talk in the School Hall at St. Rita's this evening, October 16. He will show colored slides of

of 94. They have one of the very few maternity hospitals for colored in the South. There are 18 sisters on the teaching, nursing and medical staff of the institution.

The church started in the store building where the scenes were laid for the Florian Slappy Stories in Post Magazine by Octavus Roy Cohen.

There will be no admission for the talk this evening and anyone interested will be welcome at 8 o'clock.

### ST. RITA'S FESTIVITY

From the hundreds of people seen at the three-day Bazaar and Carnival at St. Rita's last week it was a success in every way. Saturday night was unusually festive with the big search light and loud speaker system throughout the grounds. Mark Dailey, the dynamo back of the event, says, "The financial result was highly satisfactory." Mrs. Woodson Jones was responsible for the splendid support of the ladies of the church in the bazaar and supper.

## Com. Joe Swanson Reports Plans For Better Equipment Three Cities Farms Will Extend Grandview In Plot

Communications were submitted by Commissioner Swanson, to the City Council Tuesday evening stating that all pipe and material necessary for replacement of the four inch water main on West Highland is on hand and work can be started immediately. Commissioner Schiltz moved that this be done.

The No. 3 Well, Mr. Swanson stated, is completed and ready for use as soon as county tests can be made. He reported that a building to house the well may be fabricated at a cost under \$1,000. Councilman Froehlich suggested that other estimates of the cost of a suitable building be investigated.

Mr. Swanson also reported that the Edison Co. has set the date for change over from 50 to 60 cycles as of March 9, 1948. This will mean the pulling of all deep well pumps. Pumps Nos. 1 and 2 were last overhauled in 1937 and their efficiency is below par and he believed it would be economical to have two new sets of bowls. The cost he estimated at \$2400. Mr. Swanson was directed to advertise for bids.

A communication from the Three Cities Farms tract in Arcadia, east of Santa Anita Ave., revealed that they are planning to place the sub-division on the market probably in the near future. They plan to extend Grandview Avenue, east thro their tract, and requested this city to approve their maps. The request was submitted to City Engineer Hurley.

A letter from Mrs. Merritt W. Williams, 310 East Highland, was read calling attention to the placing of two electric light poles, one with transformer and ladder by the Southern California Edison Co., directly opposite her front windows causing an unsightly obstacle and an encroachment to their view of the mountains and a detriment to resale value. She asked to have the intrusion remedied. "If either pole were moved 25 feet to 50 feet", she wrote, "it would not have been so objectionable." The Edison Co., she stated has offered to move the pole for \$250.

The letter was referred to the City Attorney, Thomas A. Reynolds.

## Activation of Organized Reserve Corps Announced

Col. Don L. Wells has announced the activation of the San Gabriel Valley Detachment of the 669th Organized Reserve Composite Group, thus filling the need for a reserve organization to serve the approximately 3000 Reserve Officers residing in the Valley.

The Detachment Commander will be Col. Wm. Hixson, Inf. Res., a resident of Alhambra, and his staff has been selected from Reserve Officers residing in other nearby Valley cities. In order to retain their Reserve Commissions, it is necessary that all Reserve Officers immediately affiliate themselves with an Organized Reserve unit, and it is therefore believed that this Detachment offers an ideal opportunity to officers residing in the Valley who are not assigned to a reserve organization and also those already assigned to this organization.

Inactive duty credit will be given for the monthly meetings, which are scheduled for the third Tuesday of each month. The first of these meetings will be held at 7:45 P. M., October 21st, in the Council Chambers, City Hall, Second and Main Streets, Alhambra.

An invitation is hereby extended to all unassigned San Gabriel Valley Reserve Officers to attend this initial meeting and all subsequent meetings.

## PLAN FOR BOYS' SCHOOL AT CHINO

Sierra Madre has three members of the California Junior Republic Auxiliary. Mrs. Eugene Englar, Mrs. Marjorie O'Donnell and Mrs. Chas. Parker. The auxiliary are planning for their rummage sale a week from today, all proceeds going to the California Junior Republic Boys' School at Chino. Mrs. Englar is publicity director for the auxiliary.

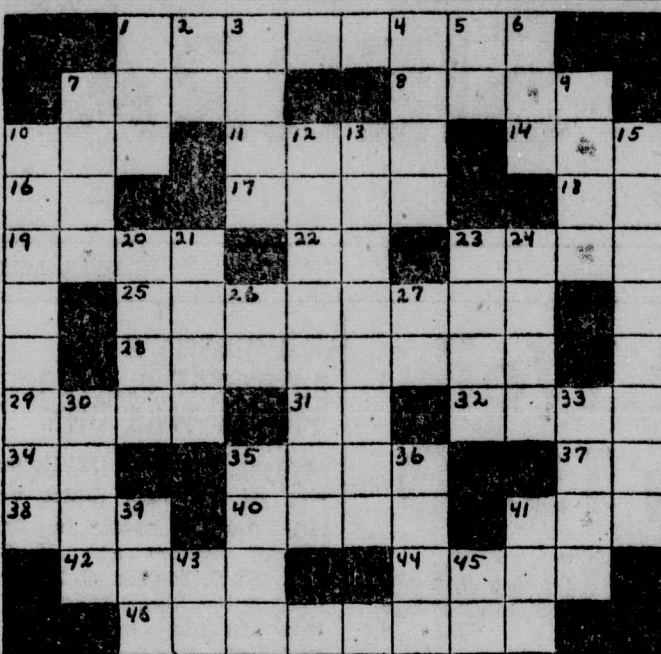

## ILLNESS FATAL TO JUDITH KINKADE IN IOWA HOSPITAL

Mr. and Mrs. Robert Kinkade of East Grandview, left Sierra Madre a few weeks ago seeking medical attention for their small daughter, Judith. They returned to their former home at Holstein, Iowa. This week brings a letter from Mr. Kinkade telling of the sadness caused by the death of Judith. Mr. Kinkade will be remembered as the representative of the Crown City Dairy in Sierra Madre. The following is a clipping from the Holstein paper:

Little Judith Ann, daughter of Mr. and Mrs. Robert Kinkade of Sierra Madre, Calif., was born at the Lutheran Hospital in Pasadena, the 23rd of December, 1942. Two years later she moved with her parents from San Gabriel to Sierra Madre. At the beginning of this year it became apparent that she was suffering from a tumor of the brain and the parents were advised of the seriousness of the situation. She has been under the doctors' care since then. Some four or five weeks ago, her parents brought her to Iowa in search of the most competent medical aid. Last week she was taken to the Children's Hospital in St. Louis for surgery in a final attempt to extend her life, but she passed away last Saturday morning, the day after the operation.

Little Judy is survived by her grief-stricken parents and 3-year-old brother, Robert Alan, her maternal grandparents, Mr. and Mrs. Henry Helkenn of Holstein and her paternal grandparents, Mr. and Mrs. Wm. Kinkade of Pasadena, Calif. Funeral Service was at the St. Paul Lutheran church Tuesday afternoon with Rev. A. H. Geske officiating. Interment was in the Holstein cemetery. Among the out-of-town visitors at the funeral were Mr. and Mrs. Wm. Kinkade of Pasadena, Calif.

## SUCCUMBS TO LONG ILLNESS OCTOBER 8th

Services were held at the Church of the Flowers Saturday afternoon for the late Henry Hubert Fehrenschild who passed away October 8th at the Veterans' Hospital, Sawtelle. Mr. Fehrenschild had been in ill health for many years and was taken to the hospital early in September hoping to find relief.

The Fehrenschild family retired to California twenty years ago from the East and have lived in Sierra Madre seven years of the time. Mr. Fehrenschild is survived by his wife, Bertha Fehrenschild of the home at 382 North Auburn. Also two daughters, Mrs. Thomas E. Burgess of this city and Mrs. Frieda Shaw of Alhambra and a foster son, Donald Rogers of Floral Park, N. Y., who came to California several weeks ago to be with the family.

Rev. Carl Smith officiated at the church service and the Spanish War Veterans of the Capt John D. Fredericks Camp, Highland Park of which Mr. Fehrenschild was a member had charge of the graveside service. Harry A. Lange of the Grant Chapel was director of the services.

## "BARRELL SPRINGS RANCH" RELICS SOUGHT AFTER

Dr. Coe, head of the Archeological Dept. of U. S. C. and Mrs. Coe, an explorer in her own right, with Dr. Luhrs, research associate of Anthropology also of USC came to see Mr. and Mrs. Nestor A. Young, 209 West Highland, last week.

The scientists were interested in the Indian relics gathered by Mr. Young from his "Barrell Springs Ranch", so named because the stagecoach used to stop there for water on its run from Sacramento to New Orleans.

## Know New Traffic Laws

It's now against the law to open the door of your automobile on the traffic side unless it is reasonably safe to do so. If you do you must close it as soon as your passengers are loaded. This is a new provision in the State Vehicle Code.

Under the new law, the driver of a motor vehicle must yield the right of way to a pedestrian approaching on a sidewalk which he intends to drive over or upon. Among places this would apply are driveways to service stations, garages and other drive-in establishments.

## THIS MONTH'S NEW BOOKS AT PUBLIC LIBRARY

being members of the fire department. Such friends as Mrs. McLaughlin, who is ever ready to do something to show her appreciation for the fire department work, are the folks who encourage the continuance of the department. If we are to keep our department in the category of volunteers, then we must show some interest and help in keeping it that way. We must have men who are willing to work. A little encouragement does wonders, and it won't hurt anyone to promote a trifle of it. Mrs. McLaughlin realizes this and readily met an opportunity at hand. Our hats are off to our friend Mrs. McLaughlin.

And because we do not want to be greedy, we want to also thank Mrs. Tyree of Sierra Madre Blvd. for her kind offer to supply us with a piano. We cannot be selfish enough to accept two pianos. Thanks, Mrs. Tyree. And while we are thinking of glories, let's feel glorified at the wonderful success we have had this month. FIRE PREVENTION WEEK has been a success. We do not intend to stop at the end of this month. We are going to talk fire dangers until the cows come home. We may make a lot of sour notes on the piano, but we will still be ready to do everything possible to keep the FIRES OUT.

## FIRE FLAMES

FIRE PREVENTION WEEK WITHOUT A FIRE CALL! Writing in behalf of Sierra Madre's firemen, FIRE FLAMES is hereby thanking our friends, the residents of the best little city this side of heaven, for their earnest endeavors to keep down the fire loss. There is no doubt about it. If the folks were not alert, there would be fires. Daily remarks of those whom we meet and who come to us for fire permits is ample proof that there is a genuine willingness to abide by the rules and to help.

We are very proud of the past year's record and are keeping our fingers crossed that we end the year without further calls. We still have the Halloween season to contend with. Because of this, we urge owners of palm trees to trim them to beyond reach of human hands. Burning of these trees can reach the point of danger by casting off embers that settle in unknown spots. A hot ember near a dry shingle will simmer for hours and then burst forth. There will be many good times in the house of the firemen from now on. After a notice in your local newspaper that we wanted a piano, we received immediate response with offers of two of 'em. Mrs. Agnes Tyree directed us to one that was obtainable in Long Beach that was a former Sierra Madre piano. Mrs. Margaret McLaughlin, South Baldwin Avenue told us to "come and get it". A most beautiful piano at her home was soon called for by the men and taken to the fire station, where an obstacle was met. How to get such a heavy instrument up stairs. As an old saying goes, "many heads are better than one." After several heads got together, it was soon figured how to lift the box to the loft. Chief Heasley appointed Harold Spears as chairman of a committee to select his own members to hoist, carry, slide or throw the piano up to the upper story of the engine house. Within less than an hour after the business meeting adjourned, last Friday, Charlie Brown was playing "Darktown Strutters Ball" on the new acquisition. After such occasions the firemen always celebrate and this was no exception. Wives were calling for husbands at a pretty late hour, most of them very glad to hear that the piano had reached the second floor of the fire station without calamity. From now on, we can expect piano solos, classical, popular and jazz and vocal solos of all sorts. There are singers and there are, well we have some who cannot sing and those who have been threatened with destruction if they even make an attempt. And despite all this, the placing of a piano in the firemen's room will encourage that interest and loyalty that is so essential to keep a volunteer fire department at work in an efficient manner. We must have plenty of men who MUST enjoy

## SIERRA MADRE HARDWARE CO.

◆ Mr. and Mrs. Frank Smith, 71 North Lima, returned recently from a two-month vacation trip in the state of Washington. They made it a point to visit their old homestead in Enunclaw, and also to visit relatives and friends in Tacoma and Seattle. The Smiths have lived in Sierra Madre 28 years, 26 of them at their present address.

◆ Mr. and Mrs. George A. Dudley, 1150 Fallen Leaf Road, entertained their daughter, Mrs. J. T. Healey of San Jose, and numerous other guests from Beverly Hills, at a luncheon last Friday.

◆ Edward R. Halperin, 62 East Carter, left Sunday on a business trip. He planned to Chicago, and will be gone ten days.

◆ Mrs. T. J. Brodhead, Mrs. Harold P. Griffin, and Mrs. Sidney Gove, of the Oaks, were present at the first Panhellenic meetings of the year, in Monrovia yesterday. This group of university sorority members is headed by Mrs. Gove.

◆ A pleasure trip through the Grand Canyon was the intention of Mr. and Mrs. Bunsen H. Heyn, 1410 Oak Meadow Road, when they left by car last week. Mrs. Heyn returned Monday, and Mr. Heyn flew on to New York on a business trip. During their absence, Mrs. Mary Webster, sister of Mrs. Heyn, cared for their son Bobby.

◆ The floors of the Woman's Clubhouse have been refinished, a nice improvement.

◆ Guests at the home of Mr. and Mrs. Harry E. Owen, 106 South Hermosa, are Mr. and Mrs. Johnnie Junior of Lakewood Village and Mrs. David Dart, of Long Beach.

◆ A first trip to California proved enjoyable for Mrs. M. M. Ferguson of Emerson, Illinois, when she spent two weeks with her sister, Mrs. Catherine C. Comstock, 195 East Sierra Madre Blvd. She returned to her home Monday.

◆ Mrs. C. V. Perrine, 1437 Caballero Road, is entertaining her mother, Mrs. M. B. Hatcher of Pasadena, back recently from a four month visit with friends in Nutley, New Jersey.

◆ Mrs. Valentine Ratliff, who has resided with Mrs. Fannie Sea, 198 West Montecito, for eight years, is moving into her own home, 48 East Sierra Madre Blvd., this week. Living with her will be Mrs. Barbara Hochuli of Sierra Madre.

◆ Mr. and Mrs. Preston Schwartz, 287 East Montecito, came home last week, after summering at their Balboa home.

◆ Miss Lulu Moore of the Public Library and Miss May Farman, 162 East Alegria, left by train Friday for a ten-day vacation in San Francisco.

◆ Mr. and Mrs. Fletcher White, 275 West Montecito are visiting friends and relatives in Arkansas and Texas. They left last week and will be gone indefinitely.

◆ Karon Ower, five-year-old daughter of Mr. and Mrs. Charles Ower, 22 West Carter, has recovered from a recent tonsilectomy.

◆ Mrs. Rose Gilbert, mother of Mrs. Thurman Corneth, 45 Montecito Court, is seriously ill at Saint Luke's Hospital.

◆ Mrs. George A. Dudley, 1150 Fallen Leaf Road, attended a buffet supper Sunday, given by the Nursery Godmothers Club, at the home of C. A. English, 644 West Foothill Blvd. This philanthropic organization has eighteen members.

◆ Chicago, Illinois, was the destination of Norman S. McDonald, 227 South Baldwin, when he left last week via the Constellation, for a three week business trip.

◆ Mr. and Mrs. Hall Perry, 118 East Laurel, will be among those celebrating the birthday of Mrs. W. E. Bean, Friday, at the home of Mrs. Milton Boler in Huntington Beach. Mrs. Bean is the mother of Mrs. Perry and Mrs. Boler.

◆ Mr. and Mrs. Charles Portman, visiting with Mrs. Clara Road Akley, 409 Ramona, were called away Monday on business and terminated their stay sooner than expected.

◆ George Blakeslee of Carson City, Nevada, is visiting his sister, Mary E. Blakeslee, 305 Ramona, for several weeks.

◆ Mr. and Mrs. C. W. Jones, 49 East Alegria, spent a pleasant four days in San Diego last week. Mr. Jones and a friend Mr. S. Kimball, did a bit of fishing at Lake Henshaw.

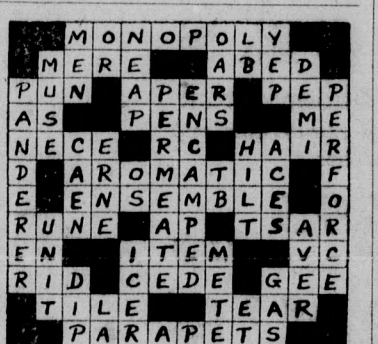

◆ Mr. and Mrs. William O. Baumgartner, 61½ West Laurel, welcomed a son, John Dietrich, upon his arrival, October 8, at Saint Luke's Hospital.

◆ Mr. and Mrs. Samuel Grivey of Lantana, Ill., were guests of Mr. and Mrs. Fred Goebel and William Goebel of the Malt Shop last week.

◆ Henry and Marjorie Shippey moved to their new home at Azusa last Saturday and Sunday they made an overland trip riding their horses to the corral on the property.

◆ Miss Rita Burns of East Laurel is at Columbia University this year preparing for library work. Miss Burns graduated last year from the University of California at Westwood.

◆ J. E. Kinsey and family spent the week end with relatives in San Bernardino.

#### Safeway's Meat Counters are Open on Tuesdays (and every day except Sunday)

##### HERE IS WHY:

1. Many people need fresh meat in some form every day as prescribed by their physicians for specific health conditions.
2. Certain creeds and religious faiths may observe a day other than Tuesday as their meatless day.
3. Many consumers may find it necessary to buy their meat on Tuesday for use on Wednesday.

In having meat for sale every day Safeway is simply fulfilling its obligation to serve the needs of all customers.

In addition, Safeway believes that an important contribution will be made to cutting down waste by maintaining an even flow of perishable foods from producer to consumer. For its part, Safeway intends to wholeheartedly cooperate with President Truman's program by doing everything possible to eliminate spoilage and waste in its stores and warehouses. Closing the stores or withholding food from sale on any business day would simply mean an extra storage period for perishable foods which in turn would increase the amount of waste and spoilage.

#### GASOLINE AND ALCOHOL DON'T MIX

A sheaf of new traffic laws, most of them aimed at curbing California's mounting highway carnage, became effective September 19 and are now enforceable.

One of them should give drinking drivers pause for thought. The Department of Motor Vehicles will now suspend for 90 days the license of anyone convicted of drunk driving for a first time.

The suspension period for a second conviction is one year. Penalty for driving with a suspended license is a prohibitive fine or a jail sentence—neither alternative pleasant for the ordinary citizen to contemplate.

This is one of those laws that lays a finger, not just on the other fellow—not just the man across the street who generally has one short beer too many—but on every person who drives an automobile while under the influence of alcohol.

Convicted on charges of drunk driving, there is no leeway in the matter of license suspension—it is automatic.

Sober and repentant the following day, there remains no way for the drunk driver to evade the stern prohibition against driving his car—even though he loses his means of livelihood. For the law considers that he was a potential killer.

The drunk driver is a menace to society. These new, more strict penalties are steps toward eliminating his crime.

The Walter Nollac home, 507 East Grandview was the scene of a happy get-together recently when son Wally Nollac, entertained classmates of the graduating NROTC of '46 from USC with their wives and dates.

The meeting was so much enjoyed by the group they decided to make the reunion a regular affair. Dancing, singing, horseshoes, badminton and swapping post-college experiences made to a very pleasant affair. Prof. and Mrs. Robert Franklin of the Engineering Dept. were guests of honor.

#### ALA ACTIVITIES

Distinguished guests of the Unit on Thursday night at the meeting held at the home of Mrs. Ethel Proctor were Past-Department President Mrs. Edna Heart of Pasadena and Mrs. Earl Fife, President of the Altadena Unit. Mrs. Heart spoke of the Child Welfare Fund that is being created in memory of Mrs. Gertrude Powell, 1st 18th District President who passed away this summer.

This fund will be available to all children of the 18th District, veterans and non-veteran children to the age of 18 years in case of emergency and to the amount of \$25. The fund will be supported by contributions from all Units of this District. Mrs. Sid Yodow, wife of our Vice-Commander, was welcomed as a new member. Lucille Nollac was appointed Hospital Chairman pro-tem while Anne Willumson is convalescing at the Santa Monica hospital and doing nicely from latest reports.

Ways and Means chairman, Eileen Humphreys outlined her plans for the Rummage Sale to be held in the Patio of Sierra Madre Hotel, on October 31st. All contributions are to be left at the Bug Out. Mrs. Hattie Towle has presented a Seeing-Eye Dog to a veteran in memory of her son. Monday, October 20th will be District meeting at Arcadia. The Past-Presidents of the 18th District will hold a Pot Luck supper October 24th, 6:30 at Rosemead clubhouse.

The next meeting will be held Thursday night, October 23rd at the home of Lucille Pickett, 201 West Highland Avenue, at 8 o'clock.

#### OTHER WEEDS THAN TOBACCO POISONOUS TO EAT AS GREENS

Since the recent death of a Puente woman whose demise resulted from eating cooked greens from tobacco weeds the Los Angeles Health Dept. suggests that in addition to the tobacco weed, the Jimson weed, black nightshade, mushrooms and toadstools should be put on the list of field "greens" which are to be avoided in the diet.

### GEORGE-STRANGMAN NUPTIALS MONDAY SOLEMNIZED AT ALL-SAINT'S CHURCH

White candles surrounded by white gladioli, astors, and dahlias graced the aisle of the All Saints Episcopal Church, and tiers of candelabras cast a glow over the altar, as vows were exchanged between Miss Fay Strangman, daughter of Mr. and Mrs. Arnold Strangman of South Pasadena, and Earl E. George, son of Mr. and Mrs. Lewis I. George, of Sierra Madre. 500 guests attended the evening ceremony officiated by Dr. F. C. Billis.

The bride, given in marriage by her father, was radiant in a princess style gown with sweetheart neckline, long fitted sleeves and bouffant skirt of white brocaded satin trimmed in seed pearls, and a bustle back and long train. She wore a fingertip illusion veil held in place by a coronet of seed pearls, and carried a bouquet of white gardenias, rosebuds and stephanotis.

White taffeta princess-style gowns with puffed sleeves were chosen by the bride for her attendants, Maryloise Drummy, matron of honor, and bridesmaids Alice Colton, Barbara Jean Dozier, Rowena Shipway and Mrs. Lewis I. George, Jr. (nee Lela Pickett), who carried white carnations, Coladium leaves and ivy, and wore halos of shattered white carnations.

The two mothers made a striking contrast. Mrs. Strangman in a red crepe gown, gold accessories and a gold sequin Juliet cap, with a wrist corsage of green slipper orchids. Mrs. George, in a turquoise suede crepe gown, matching toque with white accessories and a corsage of white butterfly orchids.

Best man, was the groom's brother Lewis I. George, with Joseph Cox, David R. Buchan, Robert McGinley and Desmond Strangman, brother of the bride, as ushers.

The bride and groom are graduates of Pasadena City College, where the groom is a member of the Amphion Restrictive club. The couple, now honeymooning in Laguna Beach, will make their home in Redondo.

### SCOUT LEADERS MEET FOR ALL-DAY TRAINING

The first session of Scout Leader Training Program for Sierra Madre leaders was an all day affair recently held at the Congregational Church. Mrs. Eugene Englar, chairman of Training, was in charge of the program. Mrs. Raymond Andrews and Mrs. Sam Haskins, Volunteer Trainers, gave a delightful talk on the history of Scouting to-day. Mrs. Philip Woodworth, Pres., explained the duties of the Board of Directors. Mrs. Charles Skutt, Program Chairman and Mrs. Ronald Merritt, Music Chairman led the singing for the day.

Mrs. William Marmion, working with the Leaders on Folk dancing which was enjoyed by all. Mrs. Harry Morley in the

absence of Mrs. Merritt Thompson, librarian, explained the use of the Scout library and urged all leaders to avail themselves of this opportunity of using the library for Scout training.

After a "nosebag lunch", Mrs. Milton Goldberg, taught games to the leaders which the girls will enjoy in their troop meetings.

### NEXT TRAINING

Friday, October 17th, Pasadena has invited all Sierra Madre Scout leaders to attend a day of training at the Methodist Church, 500 E. Colorado St. A fine program has been planned for the morning session, followed by luncheon and a talk by Oleda Schrottky, member of the National Girl Scout staff.

### GREAT DANE MAKES TRIP FROM FLORIDA

Tammy is with her mistress at last after a journey that would tire the sturdiest of humans. She is a Great Dane belonging to Capt. and Mrs. George Barnes. Mrs. Barnes for the present is living at the home of her grandmother, Mrs. C. D. Pettis of 109 North Auburn while her husband is stationed at Kearney, Nebraska.

Two years ago Tammy was born in the Evangeline Kennels in the East and before she left her natal home was thoroughly trained in the art of being a good show dog. In fact, she took first prize in the Genesee Valley Dog Show.

Tammy made the recent trip by air from Miami, Fla., to New Jersey, by motor to Nebraska and train to Los Angeles, arriving last Saturday, a sore and hungry dog.

### New Fishing Regulations

Everyone over the age of 16 years MUST have a valid fishing license to take any fish from any of the waters of this State, either fresh water streams

### Laymen Have Charge Of Sun. Service

International Laymen's Sunday will be observed at the Sierra Madre Congregational Church next Sunday, the morning worship service being conducted entirely by laymen.

Increasing activity of lay members is evident in many denominations throughout the country. Some of this work will be discussed on Sunday morning. Those participating will include Rudolph Hartman, Jack Butler, Dr. Jay Schmidt, Roy Pickett, John Spoelstra, Ralph Lord, Convers Twycross, George Morgridge, and Duke Dane.

Several of those participating attended the recent convocation of the Congregational Laymen's Fellowship of Southern California at Pilgrim Pines Camp in the San Bernardino Mountains.

The Sierra Madre delegation had the distinction of being the largest from any one church, or lakes, or from the waters of the ocean or bays. That is the gist of a new law, enacted during the 1947 session of the Legislature, and which became effective September 19, 1947. Regardless of whether you fish for carp, or catfish, or suckers, or are after clams, crabs, mussels, bluefish, kelpbass, or cod, or are seeking trout, blackbass, salmon, tuna, or what not—if you are fishing, and if you are 16 years or over, you MUST have a California fishing license if you do not want to "meet the Judge".

### LETTERS TO EDITOR

Dear Sir: I should like you to publish this letter as my personal tribute to the Boy Scouts of Sierra Madre and their leaders for the splendid job they have just completed in cleaning up the unsightly junk that has littered West Sierra Madre Blvd. for several months.

It does seem a pity that the civic authorities in both Pasadena and Sierra Madre have failed to take action and that the Boy Scouts have had to clean up one of the main streets of approach to our fair city.

The unthinking people who have brought about this unsightly condition should hang their heads in shame.

Yours very truly,  
Max G. Linder.

Dear Sir:

I wish you would pass a word of praise to the boys and advisers of our local Scout Troop for the thorough job of face lifting they gave our city's west approach last Saturday.

It is most gratifying to feel that one does not have to drive through a dump to reach our homes from that direction.

Gratefully yours,  
D. G. Dimit.

In a recent issue of the News my father, the late John George

Blumer was given the credit of founding the Sierra Madre Library.

Although he was president of the Library Board for 19 years and did a great deal of work in connection with it, he was not at the meeting when the Library Association was formed. That meeting took place in October, 1886, just a few weeks after our arrival in Sierra Madre.

Mrs. Ross, the mother of the late Mrs. Steinberger gave the land and a generous donation to the fund raised for the building in memory of her husband.

My father and mother attended the first meeting held in the New Library in the early spring. Books were the tickets for admission.

Hoping that we shall have a much needed new library building before long.

I am sincerely,  
Edith Blumer Bowen.

history. He was publisher of the Memphis Appeal and Appeal-Avalanche and Director of the Associated Press.

After attending University of Virginia, Union Theological Seminary and Columbia University of New York, Armistead Collier travelled widely in this country and abroad. Later he settled down and devoted himself to literary work. A student and scholar of economics and philosophy, he called himself a "Malist" the name he gave his theory that life and consciousness consist of a constant battle between the forces of good and evil, the evil predominating. He lectured at Formus, and wrote articles and poetry for literary magazines here and in England.

His colorful personality has been used as characters in several books and plays: Harry Kemp's "Tramping on Life" Bob by Brown's "Adam & Sunday", Dr. Heath Bawden's "The Play-Players" and Prof. Horatio Dresser's "Philosophy of the Spirit".

In 1907 he lived in Upton Sinclair's Helicon Hall Colony and was closely associated with him for several years. He named Sinclair's "Profits of Religion". His satire on Sinclair is called "I & God."

Mr. Collier was on the staff of the Nashville American, was Associate Editor of the Knoxville World and Business Manager of the Modern Quarterly of Baltimore, Md.

A member of the International Club of London, he also belonged to the Civic Club in New York, the Boston School of Social Science, Committee for Cultural Freedom; was Chairman of the Literary Section of Sierra Madre Arts Guild, and Director of Research, American Society for Physical Research Los Angeles.

He was formerly married to the poet, the late Lucile Pittman Leach of Memphis and Chicago.

He was working on his "Life" when death took him.

## 1200 Canines Entered For Sunday Show

Fifteen dog shows combined into one—that will be the situation at Gilmore Field, Los Angeles, next Sunday, October 19, when fifteen clubs, members of the California Associated Specialty Clubs, stage their annual shows from 9 a. m. to 6 p. m.

More than 1200 dogs have been entered for the event, scheduled to be one of the largest exhibits of canine perfection held on the West Coast this year. Fourteen judges, all celebrated dog fanciers, from New York, New Jersey, Kentucky, Michigan, Illinois, Missouri, Iowa, Oregon and California will preside over the show rings with several hundred trophies at stake.

Highlight of the show will be the appearance of "Farlesdale Rogue" Staffordshire Terrier and dog star of "The Yearling".

Breeds represented will be Irish Setters, Cocker Spaniels, Beagles, Dachshunds, Boxers, Collies, Doberman Pinschers, Great Danes, Staffordshire Terriers, Chihuahuas, Pekingese, Boston Terriers, Bulldogs, Chow-chows and Poodles.

The record entry list is expected to be matched by a record crowd, for which the big field, home of the Hollywood baseball club, was selected as the site. All dogs will be bench throughout the day.

### ARTS GUILD STARTS YEAR BY PRESENTING WELL-KNOWN WRITER

The Sierra Madre Arts Guild opened its season Friday night with many new members and most of the regulars in attendance to hear Lee Shippey in a resume of his soon to be published book, "It's an Old California Custom."

Mr. Shippey constructed a California background of history and romance in the typical Shippey style, gracious and radiant. He was introduced by Harlan Ware of Arcadia, who remarked that he couldn't understand why he was invited to come over from Arcadia in the rain to introduce the "Best Known" man in Sierra Madre to his own audience.

Kenneth Kearney drew out

PTA means sharing the children's school life and giving stability to the parent-child relationship, acquiring a better understanding of the school program and having a share in safeguarding the children's rights to the best possible education. Parents are urged to join and actively participate in PTA. Plans are under way for a Halloween Carnival to be held Friday, October 31st, with dinner, costume parade, shows and games.

"AUTUMN HUES"

Yellow, orange, red, purple and brown are the rich warm colors of autumn foliage. They are the colors, too, of many of our fall fruits and vegetables that we depend upon to brighten our table. Pumpkins, squash and egg plant represent the vegetables, and apples, pears and persimmons are favorite fall fruits. The flavors of these vary from the crisp, cool apple to the smooth bland egg plant. Another fall food coming under the brown group is the very popular walnut. We would like to suggest a walnut crumb crust for your next pumpkin pie.

Bring color to your table through the use of fall's bright food. Bring words of praise from your family by serving one of the following:

PUMPKIN CHESTNUT PIE. 3 egg yolks. 1/2 C. honey. 1/2 C. sugar. 1/4 C. cooked or canned pumpkin. 1/2 C. milk. 1 tsp. salt. 1 tsp. ginger. 1 tsp. nutmeg. 1 tsp. cinnamon. 1 Tbsp. gelatin. 1/4 C. water.

Beat egg yolks with honey and sugar. Add pumpkin, milk and seasonings. Cook in top of double boiler until thickened, stirring constantly. Add gelatin which has been soaked in cold water for 5 minutes. Stir until gelatin is dissolved. Cool. When mixture thickens, fold in stiffly beaten egg whites. Pour into a baked walnut crumb crust. Chill. Garnish with whipped cream.

WALNUT CRUMB CRUST. 1/4 C. crushed cereal flakes. 1/4 C. granulated sugar. 3/4 C. ground walnuts. 2 egg whites.

Mix crumbs, sugar and walnuts; add unbeaten egg whites. Press firmly into bottom and sides of 9" pie tin. Bake at 350° F. for 10 minutes. Cool.

EGGPLANT AND TOMATO CASSEROLE. (6 servings). 1 Eggplant, sliced. 4 sliced tomatoes. 1/2 C. onions, finely chopped. 1/2 C. butter. 2 Tbsp. brown sugar. 1/2 C. buttered crumbs.

Fry eggplant. Arrange layers of egg plant and tomato slices in a greased casserole; sprinkle each layer with chopped onion, bits of butter, brown sugar and salt and pepper. Reserve a few tomato slices to garnish the top and sprinkle top with buttered crumbs. Bake at 375° F. for 40-45 minutes or until browned.

Junior colleges in California have adapted themselves to the special needs and have won the approval of the G. I. student, a University of California survey shows.

## Campus Life Earns Girls' Fashion Credits

THE MARRIED CO-ED TO INFLUENCE  
THE CHOICE OF COLLEGE APPAREL

College campus fashions set the pace for all girls down to pre-school sister Sue who's a sweater-and-skirt girl, wears saddle oxfords, reversible coats and lots of corduroy.

But this Fall finds a new aspect to college clothes which, tho still following tradition and still well adapted to the routine of campus life, play their role—with variations.

No doubt, the increased neatness, the more adult look to campus wardrobes may largely be attributed to the fact that more undergraduates wear wedding rings than ever in the history of college life; many who aren't married are engaged and frequently visit the men's schools and spend more weekends in the cities. Which calls for more suits, more date dresses, and a more "grown-up" attitude in the selection of all clothing.

So we find that although the camel hair coat is still classic, in trench or boy styling, there is more flare to their backs this year; this silhouette news applies to raincoats and date coats in tweed, fleece, gabardine, corduroy and plaid wool as well.

For date and weekend wear, simple dresses continue to be best loved, but more black will be chosen by these campus "matrons" who'll venture into an irregular hemline, spattering of sequins, or inset of lace. Sheer wools and crepes will alternate with black in bright and neutral shades.

### FULL SKIRTS

In general the silhouette will be more amply skirted with swish and added inches of length carefully determined by whether the particular style is to be worn with flat or high heeled shoes! Hips are rounder but still slim, while there's a trend to narrower more natural shoulders, with small, narrow-belted waistlines the standard. Also well liked is the middie silhouette, molded through the waistline.

Put-together fashions continue practical and pretty in their variability. Jackets are still long and smooth with gabardine and worsteds very popular. Except for the fact that skirts are longer they still make the most of pleats whether soft and unpressed, all-around accordion or box pleated. In addition to their length being governed by heel heights—they must also be proportioned to the height of the wearer.

The campus queen of '47 continues to be trousered on occasion, and she's faithful to dungarees worn with sweater or shirt neatly tucked in. The trim fit of frontier pants is bringing their number of appearances up more and more, while shorts, pedal pushers and slacks carry on, preference for one or the other varying somewhat at different campuses.

The sweater is still the paramount school garment, with less bulk giving a slimmer effect restrained by a belt or skirt waistband. A monotone effect for sweater-and-skirt, or the sweater picking up one color in a multicolor skirt, are the rule. At some universities the blouse is increasingly seen, the jewel neckline or shirt collar best liked.

### HOOD-WINKING

Another campus pet is the hood which may be attached to jacket, coat or dress; or may be improvised from a long wool muffler.

There are three outstandingly important campus fabrics—and corduroy's their leader, appearing in everything from coats to robes; from casual shoes to

hooded jackets. Next is velvet, so lovely for date and formal fashions; and lastly are dark-ground tartan plaids appearing in full-blown skirts, dresses, coats and suits.

## GRADUATED FROM STANFORD UNIVERSITY

Miss Rosalind Murray, daughter of Mr. and Mrs. Peg Murray of 625 E. Orange Grove, graduated from Stanford University at the end of the Summer Quarter with an art major. Miss Murray's university work was interrupted when she went to the Disney Studios during the war. She and her father are doing much interesting work in their chosen field. Mr. Murray is a cartoonist with the King Features and the weekly comic, "Seeing the Stars" is from his pen.

ters as honorary marshals. Leone Fowler Lovell and Joyce Fowler LaLone. Another daughter, Phyllis Fowler Evans was Escort of the Holy Bible and grandson Robert Dale Perry was flag bearer. Granvel Young past patron of the Temple City Eastern Star was Mrs. Fowler's honorary escort with Mrs. Elsie Eaker, worthy matron and Thomas Henderson worthy patron of the home chapter. Mrs. Lois Goss also of Temple City and long time friend of Mrs. Fowler was the organist who gave an inspiring background for the evening.

The reception ushers were Harold Roberts, Donald Jackson and Henry Korsmeier. Marleen and Marjorie Scoville gave a group of very lovely marimba and piano numbers during the program.

Mrs. Fowler in her dignified and gracious manner was the recipient of many gifts from district chapters and personal tokens of esteem. Her term of office is drawing to a close, two weeks more and she will have devoted a busy year to work of the Grand Chapter.

In an address of well chosen words Mrs. Fowler emphasized the value of fraternalism.

### "DECORATING" MADE EASY

Professional decorators furnish rooms entirely with individual pieces of furniture, and do not consider matched suites truly smart in decorative effect. The furniture shopper can well take a tip accordingly, keeping in mind that a few period designs can blend beautifully in one room; that many colors can be worked into one room's upholstery, wall surfaces, window and floor treatments and accessories; and that any melange will create a pleasing effect if each item in the room has been chosen for its own beauty, integrity of design, and suitability to the basic plan of the room in which it will "live".

The inexperienced home furnisher need not feel too much at sea and be afraid of a finished product which fails to be eye-appealing and in really good taste—if she lets herself be guided by the decorating counsel so many furniture stores offer their customers.

### SISTER FROM EAST

Mrs. Irvine Lobstein of Oak Park, Ill., is spending a few days with her sister and husband, Mr. and Mrs. C. F. Burmeister of 274 West Laurel Ave. Mrs. Lobstein accompanied her daughter, Lenore, to California for her marriage which took place Friday at the Church of the Little Flowers.

### MARTHA NEWTON RETURNS TO HAWAII

Mr. and Mrs. E. A. Newton and family, 217 South Baldwin, drove their daughter, Martha Newton, to the Municipal Airport Saturday night where she boarded a plane for her home in Walkiki Beach, Hawaii. She had been staying with her parents and family since June 1.

Miss Newton has been living in the Islands since just before the war in 1941, with the exception of a brief visit here last summer. She has many friends in Sierra Madre, having lived here nearly all her life and attended Wilson Jr. High, and Pasadena J. C.

All doings of church, community and society are news, call us at 3324.

**NEW HOSPITAL UNIT**—Will be dedicated Saturday at Duarte. The Jacob Goldstone Memorial Hospital is shown in the sketch above. It is a 34-bed unit and financed through endowments by workers and management in the baking industry. It will become a wing of the Mount Sinai-Duarte Medical Center which for 30 years has provided care for underprivileged ill.

A boy and his dog, you know. . . . Playing football in the street is lots of fun, but dangerous. . . . Young lady lost a silver wrist bracelet of charms. . . . A neighbor is accused of stealing electricity. Without wires that are obvious, it may be that the neighbor runs it thru' the wire fence. Or maybe he uses Radar. . . . When his car struck the dips of Lima street as he traveled east on Grandview, one of our well known friends left the ground to land almost astraddle a wire fence. (Couldn't have been going too slow.) His escape from severe injury or death is a mere example of miracle. . . . Local boy invited (by warrant) to visit Long Beach Court. . . . A backyard fence fight gets the peels into an embarrassing predicament. Who's who and what's what? . . . Smart alecks drive on sidewalk. They will plead innocence of wrong doing when they face Judge Eaton. . . . **SAWING and HAMMERING!** "All quiet on arrival," said Chunn. . . . **"HOT RODS WANTING TO FIGHT!"** Well, now if the officer who wrote this means that two of those hopped up things want to get together without involving anything or anyone else why wouldn't the idea be a good paper next week for the latest.

### MARGARET TOLL OF L. A. CHILDREN'S HOSPITAL SPEAKS

The next meeting of the Civic Club, Thursday evening, October 23, will feature a speaker from the Children's Hospital in Los Angeles, Mrs. Margaret Toll, of the Board of Directors. She will explain the duties of the Civic Club if they decide to act as an auxiliary to the hospital, and will show slides to illustrate her talk.

The members are busy making Halloween favors for the 250 active members of the Toy Loan in Sierra Madre, and also for the 32 girls in the Teen Age Ward at Olive View Sanatorium, where they hope to have a program ready for the young invalids around Halloween.

one? We find that two boys wanted to fight. This occurred at 2:30 in the morning and what young men can be doing out at that hour surely cannot be of any benefit. . . . "Speeding in the Canyon". It might be well to know that 20 miles per hour in that section is excessive speed. Section number 510 of the Vehicle Code will take care of that for you. . . . A report of an injured dog was found to be just a dog with too much age or too many years. (Just like the writer) . . . **WATER LEAK.** "CALL OUT THE BOYS!" . . . First wind causes calls of flashing electric wires. . . . Local boys while unloading hunting equipment get careless with a loaded pistol that was supposed to be unloaded. 'Twas ever thus. That gun that was not loaded shot someone. One of the boys was shot in the hand and rushed to St. Luke's Hospital, from where the accident was reported to the local police. . . . A "periodical" wandered to St. Rita's Church where he became quite a bother. Having had too many to be ambulatory in a respectable manner, he was brot to the station for recuperative reasons. Judge Eaton was kind to the elderly man and gave him plenty of time to leave town, with a warning not to appear here under the influence, or else. . . . Bill Chunn could sniff the odor of burning rubber. The longer he sniffed the more he recognized the odor as that of aged latex. Climbing over fences, garbage cans, broken bicycles, and finally falling over a wire stretched across the yard, he gave up and reported "Couldn't locate the smoke." . . . **STRAY DOG.** And with that, as good as a proper ending, watch the paper next week for the latest.

**BALLING  
BABY TALK**

By Maxine Balling  
INTERESTING PEOPLE come to the Balling Baby Shop, both to buy from us and sell to us. Mr. Bierce, of Pasadena, for instance. He makes the most beautiful and interesting stuffed animals I've ever seen. It's because he has clever ideas, and makes the animals by hand, even shearing their fur by hand. The usual stuffed animals are rather shapeless things, but not Mr. Bierce's collection! They have shape that gives them character and an appearance of action. There's a little blue lamb with a collar of flowers, a red horse with plaid bow tie, a cockatiel, a monkey that hangs by his tail, elephants, teddy bears and lots of others. They're 4.95.

MR. BIERCE, I also learned, is an active worker in the Christian Science Church. In the Christian Science Monitor there's a famous comic little dog called "Snubbs". Mr. Bierce has designed a "Snubbs" night light for children. It's cute as can be, not ready yet, but will be soon. I'll let you know.

THE BALLING BABY DOLL SHOW goes in our window this week. We've received so many beautiful and interesting dolls this season that we've decided to put a big display of them in the window, and remind you that a small deposit will hold them until Christmas if you want us to hide them for you. There are storybook dolls, big dolls with real hair, "International" dolls, "Betsy Wetsy" dolls with bottle and diapers that wet and you change, magic skin dolls, baby dolls, soft dolls. . . . any kind of doll you can think of, from 1.15 to 29.95.

SOME CUTE TRUDY PARTY DRESSES came in, too. Plaid and check taffeta, with ruffles, a little bustle thing in the back, trimmed in eyelet embroidery. They're 9.95.

THIS TIME LAST YEAR We were having an awful time getting enough sweaters for all our little customers. We were BEGGING manufacturers for sweaters, any kind of sweaters for little fellers to wear to school. NOW we have sweaters. . . . and I mean WE HAVE SWEATERS. . . . all over the place. . . . all colors. . . . all styles. . . . all sizes. . . . all wool. I'm beginning to wonder if I bought too many, so won't you please buy a couple hundred?

LOTTA CUTE THINGS come in every week at the BALLING BABY SHOP. . . . 401 1/2 South Myrtle Avenue, Monrovia 5981.

and  
**THE TELEPHONE**

YOU are the best judge of how important your telephone is to you personally, but you cannot possibly conceive of the many ways it affects your life indirectly.

Somewhere along the line nearly everything you need for modern living is touched by the telephone. Farmers, cattlemen, miners, lumbermen, shippers, buyers, brokers, manufacturers, storekeepers—all must keep in constant communication with one another to speed production and distribution.

The telephone is one of the essentials of industry and commerce, as well as an instrument for the advancement of social relations—and today, the demand for service is greater than ever. Our engineers and construction crews are hard at it—pushing forward to completion our extensive improvement and expansion program—so that all may enjoy the advantages of a telephone in the house.

## Observations From Life During A Stay on Hawaii

BY CATHERINE ELLIOTT

When I was in the Islands I lived in three very different types of dwellings, each of which seemed to me at the time to have particular influence on those of us who lived there.

Now, I'm wondering about the lasting effect of living conditions on our lives.

At first, while I was teaching on the Naval Station I lived at the Civilian Women's Dormitory along with some 50 other "wahines," all working for the government. While there I felt that dormitory life was an entirely

abnormal way for a woman to live, and cited to myself the many mal-adjusted girls I met there. And I said within myself: "A dormitory is no place for a woman to live; it makes us morbid." So, as soon as the school term was over I secured a studio apartment in Waikiki, where life is gay and people have no cares.

There were seven other apartments in this two-story green house set about with a green fence, coconut palms, and exotic Chinese bamboo at the entrance. My apartment was at the foot of the stairs where through my Venetian blinds I could see the other tenants leaving early in the morning, and returning as the sun sank toward the Pacific. It was here that I saw Lola swinging her one muscular leg down the stairs following the lead of a pair of heavy crutches. Hurt in an automobile accident years ago on the mainland, she had taken refuge here where, although a partial cripple, she still was the favorite concert pianist of Honolulu.

So it was not only in dormitories that I should find thwarted backward-looking lives, I thought.

It was with a feeling of relief that I accepted an invitation to spend some time in the home of a charming Southern woman, the head of the English Department of Roosevelt High School. Jane lives in Manoa Valley, not far from the famous hedge of night-blooming cereus which has made the walls of Punahoe School known beyond the coral reefs of the Islands. The new residence was delightful; there was a white lanai on the second story among the branches of plumeria, mango, and shower trees; we looked down into a riotous mass of hibiscus, cereus, ginger, anthurium and orchids. Here I spent my mornings ostensibly writing, but more often merely absorbing the feeling of peace which was almost tangible.

It was during one of our chats, however, that I learned that Jane, too, had fled from the past, and was trying to fill her life full so that she need not remember "what might have been."

(Continued next week)

Net farm production in the nation reached 15 billion dollars last year, compared with 6.5 billions in 1941, and prospects are that it will be higher this year.

## 350 Teachers

(Continued from Page 1)

the moral of our teaching, that is, to base the new education on high moral purposes. Second, the methods of teaching and learning should be based on sound psychology and must make wider use of community facilities. While the use of words (books, magazines, etc.), the use of audio-visual aids and the use of constructive activities all are valuable learning aids, we must use community resources. Children need to have first hand contact with such resources not only to learn about them but to be gripped with the need to contribute to community activities, since the end of education is action.

Finally, community activities must be coordinated to include the school children and the school curriculum must be organized around the basic problems of community life.

Specific suggestions made by Dr. Olsen include: conceiving of education in terms of improving the quality of human living; surveying community life and resources; cataloguing community resources systematically so that children can have field trips, interviews, work experiences and service opportunities in the community; training teachers in use of community resources; teaching children to understand not only the things in the community, the fire stations etc., but also the community customs and the reasons for such customs.

If we can teach children to be intelligent and active members of their community, we can insure the democratic way of life. Otherwise, whatever else they learn, their education is inadequate in this atomic age.

The panel discussion which followed Dr. Olsen's talk first considered the responsibilities of different community groups to the children (the parent, the doctor etc.); then representatives of each group commented on the present state of child-community relationships. The responsibility for developing a useful citizen could not be fixed on any one group; the conclusion is that since the school is the meeting ground for many types of children and their parents, schools and their teachers must lead in developing such community enterprises as the coordinating council movement or any other activity which ensures, cooperating and interaction of school and community.

**LUCKY FRANKIE!** — Doris Day, a blue-eyed blonde with a new movie contract, is Frank Sinatra's partner in song on NBC's "Your Hit Parade." Attractive Doris, former vocalist with Les Brown's orchestra, turned to a singing career when she broke her leg and temporarily was forced to retire from professional dancing.

## Fabrics Make The Fashion

Rayons Inspire The Best In Dressmaking

The fall fashion story is an exciting fabric story for this season marks the return in both quantity and quality of glamorous rayon fabrics which are a fine complement to the new styles.

Many of these fabrics are highly refined versions of familiar materials, while others represent new developments in the fabric field. All, however, make for the average woman to be well-dressed via an integrated wardrobe.

An outstanding new fabric which gives all evidence of being here to stay is rayon tissue faille, sometimes called faille crepe. This material is characterized by a wonderful, lustrous sheen and an interesting grain. Like other rayons, it drapes beautifully, and so is particularly well suited to the sophistication of the new long silhouette and skirt drapery. It is even seen in the fall 1947 version of the shirtwaist dress where slightly tucked bodice and full skirt round out the classic features of this old standby. Smart in black, this fabric shows off to exceptional advantage in the new grays, greens, and reds which point up its unusual sheen.

Luxury fabrics are bigger than ever this year, and slick rayon satin heads the list in this category. The new satins are finely woven and have a beautiful hand. Perfectly adapted to current skirt fashions, they are seen in exotic dresses with wrap-around skirts, back drapes,

and hip extensions. Two-piece satin cocktail suits are gaining increasing popularity, and the sophisticated effect of black satin in a well cut jacket and full skirt with dipping hemline is a boon to the morale of any party goer.

Along with the emphasis on the full skirt this season, comes a heightened interest in crisp fabrics. Rayon faille, taffeta, and moire have become important. The two-piece suit dress is the thing for formal daylight occasions, and crisp fabrics give zest to these fashions with their slightly rounded shoulders, and hips and wide flared skirts. In evening clothes, the stiff taffetas and moires lend themselves equally well to off-the-shoulder styles, crisp bodices, and exaggerated skirts.

Rayon crepes of both the smooth and mossy variety are always in fashion. This year's crepes, however, are of exceptional high quality and are unusually well adapted to new fashion trends. Deep armholes, rounded shoulders, shirred long torso effects and other details of the new bodices are perfectly shown off in rayon crepe. Pad-shoulders, hip peplums, wrap-around skirts and back ripples are also presented to greatest advantage in crepe. And as for color, there'll be purples, deep reds, beautiful browns, and greys as well as the always-smart black.

Although the coming fall season promises to be a dressy one, a few softly tailored garments are necessary for every wardrobe, and rayon also plays a big part in these. Rayon broadcloth, rayon and wool gabardines, and other blended fabrics rank high in popularity, for these fabrics combine good looks with warmth.
